Fanhua Reports Third Quarter 2022 Unaudited Financial Results

-- Operating Income for the Third Quarter of 2022 Grew 14.2% YOY --

GUANGZHOU, China, November 21, 2022, Eastern Standard Time, (GLOBE NEWSWIRE) Fanhua Inc. (Nasdaq: FANH) (the “Company” or “Fanhua”), a leading independent financial services provider in China, today announced its unaudited financial results for the third quarter ended September 30, 2022¹.

Financial Highlights for the Third Quarter of 2022

(In thousands, except per ADS data)	2021Q3 (RMB)	2022Q3 (RMB)	2022Q3 (US\$)	Change %
Total net revenues	683,537	624,746	87,825	(8.6)
Operating income	28,163	32,165	4,522	14.2
Net income attributable to the Company’s shareholders	34,250	35,371	4,972	3.3
Diluted net income per ADS	0.64	0.66	0.09	3.1
Cash, cash equivalents and short-term investments and others (as of September 30, 2021 and 2022)	1,397,727	1,296,926	182,319	(7.2)

Mr. Yinan Hu, chairman and chief executive officer of Fanhua, commented on the financial results of third quarter of 2022, “Despite macroeconomic and industry headwinds, Fanhua maintained steady growth in the third quarter of 2022, reflecting continued resilience in our business. Gross written premiums (“GWP”) of our life insurance business grew by 6.2% year-over-year to RMB2.8 billion, of which our regular life insurance first-year premiums (“FYP”) increased by 9.1% year-over-year to RMB529.7 million. While we continued to increase investments in technology and training, we delivered an operating income of RMB32.2 million, representing a growth of 14.2% year-over-year, in line with our previous expectation.”

“We are pleased to witness a continuous improvement in the quality of our sales force during the third quarter. In accordance with our plan, the total number of performing agents declined, while the per capita productivity of performing agents grew by nearly 20% year-over-year. The contribution from high-performing agents increased even further, with the number of ‘100K Premium Agents’³ growing by 46% year-over-year, representing 48% of our FYP during the quarter, compared to 39% for the corresponding period in 2021. This is yet another testament to the positive effects of our professionalization and career-based strategies.”

¹ This announcement contains currency conversions of certain Renminbi (“RMB”) amounts into U.S. dollars (US\$) at specified rates solely for the convenience of the reader. Unless otherwise noted, all translations from RMB to U.S. dollars are made at a rate of RMB7.1135 to US\$1.00, the effective noon buying rate as of September 30, 2022 in The City of New York for cable transfers of RMB as set forth in the H.10 weekly statistical release of the Federal Reserve Board.

² The amount includes short term loans to third parties of RMB189.0 million as recorded in other receivables and an advance payment of RMB190.0 million for the purchase of short-term investment products as recorded in other current assets.

³ “100K Premium Agents” refers to agents who have contributed more than RMB100,000 annualized premiums equivalent during the reporting period.

“Centering around the needs for high-quality senior care, wealth management and inheritance solutions from the mass affluent and high-net-worth families, Fanhua continues to focus on magnifying our platform’s empowering capabilities through the following initiatives: i) supporting our agents to provide whole life journey services by offering a wide spectrum of product and services that match the demands throughout customer’s lifecycle; ii) empowering our agents to achieve professional growth through a combination of our 3F (*Family Officer Consultant, Fanhua Retirement Planner and Family Policy Custodian*) professional trainings, scenario-based marketing and the support from 3R (*Account Responsibility, Solution Responsibility and Fulfillment Responsibility*) marketing model, leveraging on our resources in trust and health care services and our proprietary insurance policy custody technology; and iii) improving the efficiency of customer services through our digitalization efforts.”

“For the fourth quarter of 2022, considering the ongoing resurgences of COVID-19 cases across the country, the growth prospect of Chinese insurance industry remains challenging. Against this backdrop, Fanhua will continue with our established development strategies to empower agents and create value for customers. “

Financial Results for the Third Quarter of 2022

Total net revenues were RMB624.7 million (US\$87.8 million) for the third quarter of 2022, representing a decrease of 8.6% from RMB683.5 million for the corresponding period in 2021.

- **Net revenues for agency business** were RMB522.7 million (US\$73.5 million) for the third quarter of 2022, representing a decrease of 7.0% from RMB562.1 million for the corresponding period in 2021. In the third quarter of 2022, total GWP increased by 6.0% year-over-year to RMB2,871.1 million, of which FYP grew by 7.7% year-over-year to RMB610.9 million while renewal premiums increased by 5.6% year-over-year to RMB2,260.1 million.
- ◆ **Net revenues for the life insurance business** were RMB480.6 million (US\$67.6 million) for the third quarter of 2022, representing a decrease of 8.5% from RMB525.2 million for the corresponding period in 2021. The decrease was mainly due to the decrease in the weighted average renewal commission rate of renewal premium collected, and to a lesser extent, due to the change in the product mix. For the long term life insurance policies that we sell, renewal commissions are paid throughout the policy payment period but the renewal commission rates are higher in the first few years after the sales of the insurance policies and recede year by year. In the third quarter of 2022, total life insurance GWP increased by 6.2% year-over-year to RMB2,789.9 million, of which FYP increased by 9.1% year-over-year to RMB529.7 million and renewal premiums increased by 5.6% year-over-year to RMB2,260.1 million.

Net revenues generated from our life insurance business accounted for 76.9% of our total net revenues in the third quarter of 2022.

- ◆ **Net revenues for the P&C insurance business** were RMB42.1 million (US\$5.9 million) for the third quarter of 2022, representing an increase of 14.1% from RMB36.9 million for the corresponding period in 2021. Net revenues for the P&C insurance business are mainly derived from commissions for medical insurance, accident insurance, travel insurance and homeowner insurance products facilitated on Baowang (www.baoxian.com). Net revenues generated from the P&C insurance business accounted for 6.8% of our total net revenues in the third quarter of 2022.
- **Net revenues for the claims adjusting business** were RMB102.0 million (US\$14.3 million) for the third quarter of 2022, representing a decrease of 16.0% from RMB121.4 million for the corresponding period in 2021. The decrease was due to the disruption to our claims adjusting business as a result of the lockdowns in response to the COVID-19 outbreaks in several areas in China and contraction of our medical-insurance related claims adjusting business. Net revenues generated from the claims adjusting business accounted for 16.3% of our total net revenues in the third quarter of 2022.

Total operating costs and expenses were RMB592.6 million (US\$83.3 million) for the third quarter of 2022, representing a decrease of 9.6% from RMB655.4 million for the corresponding period in 2021.

- **Commission costs** were RMB393.4 million (US\$55.3 million) for the third quarter of 2022, representing a decrease of 10.8% from RMB440.9 million for the corresponding period in 2021.
- **Commission costs for agency business** were RMB324.1 million (US\$45.6 million) for the third quarter of 2022, representing a decrease of 11.8% from RMB367.5 million for the corresponding period in 2021.
- ◆ **Costs of the life insurance business** were RMB298.9 million (US\$42.0 million) for the third quarter of 2022, representing a decrease of 12.5% from RMB341.6 million for the corresponding period in 2021. The decrease was in line with the decrease in net revenues generated from our life insurance business. Costs incurred by the life insurance business accounted for 76.0% of our total commission costs in the third quarter of 2022.
- ◆ **Costs of the P&C insurance business** were RMB25.2 million (US\$3.5 million) for the third quarter of 2022, representing a decrease of 2.7% from RMB25.9 million for the corresponding period in 2021. The costs of the P&C insurance business mainly represent commission costs we incurred for operating Baowang (www.baoxian.com). Costs incurred by the P&C insurance business accounted for 6.4% of our total commission costs in the third quarter of 2022.
- **Costs of claims adjusting business** were RMB69.3 million (US\$9.7 million) for the third quarter of 2022, representing a decrease of 5.6% from RMB73.4 million for the corresponding period in 2021. Costs incurred by the claims adjusting business accounted for 17.6% of our total commission costs in the third quarter of 2022.
- **Selling expenses** were RMB69.3 million (US\$9.7 million) for the third quarter of 2022, representing a decrease of 3.2% from RMB71.6 million for the corresponding period in 2021.
- **General and administrative expenses** were RMB129.8 million (US\$18.3 million) for the third quarter of 2022, representing a decrease of 9.2% from RMB142.9 million for the corresponding period in 2021. The decrease was mainly due to cost savings from personnel optimization, partially offset by increased expenditures on IT infrastructure and trainings.

As a result of the foregoing factors, we recorded an **operating income** of RMB32.2 million (US\$4.5 million) for the third quarter of 2022, representing an increase of 14.2% from RMB28.2 million for the corresponding period in 2021.

Operating margin was 5.1% for the third quarter of 2022, compared to 4.1% for the corresponding period in 2021.

Investment income was RMB2.8 million (US\$0.4 million) for the third quarter of 2022, as compared to investment income of RMB8.8 million for the corresponding period in 2021. The investment income in the third quarter of 2022 consisted of yields from short-term investments in financial products, and is recognized when the investment matures or is disposed of.

Income tax expense was RMB8.6 million (US\$1.2 million) for the third quarter of 2022, representing a decrease of 7.5% from RMB9.3 million for the corresponding period in 2021. The effective tax rate for the third quarter of 2022 was 20.2% compared with 21.4% for the corresponding period in 2021.

Net income was RMB33.2 million (US\$4.7 million) for the third quarter of 2022, representing a decrease of 9.8% from RMB36.8 million for the corresponding period in 2021.

Net income attributable to the Company's shareholders was RMB35.4 million (US\$5.0 million) for the third quarter of 2022, representing an increase of 3.3% from RMB34.3 million for the corresponding period in 2021.

Net margin was 5.7% for the third quarter of 2022 as compared to 5.0% for the corresponding period in 2021.

Basic and diluted net income per ADS were RMB0.66 (US\$0.09) and RMB0.66 (US\$0.09) for the third quarter of 2022, respectively, representing increases of 3.1% and 3.1% from RMB0.64 and RMB0.64 for the corresponding period in 2021, respectively.

As of September 30, 2022, the Company had RMB1,296.9 million (US\$182.3 million) in **cash, cash equivalents, short-term investments and others**. The amount included short term loans to third parties of RMB189.0 million and an advance payment of RMB190.0 million for the purchase of short-term investment products.

Other Key Operational Metrics:

- **Lan Zhanggui - Our one-stop insurance service platform:**

- Ø **The number of active users of Lan Zhanggui**⁴ was 17,822 in the third quarter of 2022, as compared to 16,745 in the same period of 2021 which excluded the number of active users for selling auto insurance.

- Ø **Insurance premiums generated from Lan Zhanggui** were RMB454.2 million (US\$63.8 million) in the third quarter of 2022, as compared to RMB452.6 million in the corresponding period of 2021 which excluded auto insurance premiums.

- **Baowang (www.baoxian.com) - Our Direct-to-Consumer ("DTC") online insurance platform for Accident & Short Term Health insurance("A&H"), travel and homeowner insurance:**

- Ø **The number of active customer accounts**⁵ was 57,575 in the third quarter of 2022, as compared to 116,991 in the corresponding period of 2021;

- Ø **Insurance premiums generated on Baoxian.com** were RMB88.4 million (US\$12.4 million) in the third quarter of 2022, representing a decrease of 0.5% from RMB88.8 million in the corresponding period of 2021. The insurance premiums generated per active customer account were RMB1,535 in the third quarter of 2022, as compared to RMB760 in the corresponding period of 2021.

- The number of performing agents⁶ was 32,884 in the third quarter of 2022, compared to 60,887 in the corresponding period of 2021. The number of performing agents for selling life insurance products was 7,598 in the third quarter of 2022, compared to 16,576 in the corresponding period of 2021. The decrease in the number of performing agents for selling life insurance products was primarily because we shifted focus to serving high-end customers and high-performing agents, to an elite-based agent pool. As of September 30, 2022, Fanhua's distribution network consisted of 697 sales outlets in 23 provinces and 100 services outlets in 31 provinces, compared with 750 sales outlets in 23 provinces and 110 service outlets in 31 provinces as of September 30, 2021.

⁴ Active users of Lan Zhanggui in a given period refer to users who sold at least one insurance policy through Lan Zhanggui (through either its mobile application or WeChat public account) during such period.

⁵ Active customer accounts in a given period refer to customer accounts that made at least one purchase directly through www.baoxian.com, its mobile application, or WeChat public account during such period.

⁶ Performing agents in a given period refer to agents who sold at least one insurance policy during such period.

Recent Developments

- As of September 30, 2022, eHuzhu, our online mutual aid platform which serves to provide alternative risk-protection programs to lower-income group at more affordable costs, gather over 1.9 million paying members and assisted 10,323 families in raising about RMB1.2 billion funds to cover their medical costs and help them get through tough times.
- On September 25th, 2022, Fanhua was selected into the Top 100 Digitalized Insurance Institutions of 2022 by virtue of its innovative RONS Open Platform at the first International Insurance Agency Summit jointly sponsored by All-gen Group, an international business communication platform builder, and InsurView, a well-known professional insurtech media in China.

Business Outlook

Fanhua expects its operating income to be no less than RMB30.0 million for the fourth quarter of 2022. This forecast is based on the current market conditions and reflects Fanhua's preliminary estimate, which is subject to change caused by various factors.

Fanhua Announces Execution of a Term Sheet to Acquire Majority Interests in Zhongrong Smart Finance Information Technology Co., Ltd.

GUANGZHOU, China, November 24, 2022 (GLOBE NEWSWIRE) -- Fanhua Inc. (“Fanhua” or the “Company”) (Nasdaq: FANH), a leading independent financial services provider in China, today announced that it has signed a term sheet (the “Term Sheet”) with the existing shareholders of Zhongrong Smart Finance Information Technology Co., Ltd. (“Zhongrong”) to acquire 57.73% equity interests of Zhongrong in an all-stock transaction. The transaction is expected to be completed in January 2023, subject to certain customary conditions, including completion of satisfactory due diligence.

Pursuant to the Term Sheet, the proposed transaction will involve the issuance of up to 62 million new ordinary shares of Fanhua, representing 5.44% of its enlarged share capital, in exchange for 57.73% of the equity interests of Zhongrong.

Established in 2018, Zhongrong is a leading managing general agency in China. Zhongrong offers life insurance products through a network of nearly 300 non-affiliated regional insurance agencies. In 2021, the gross written premiums of its life insurance business reached RMB1.4 billion, of which the first-year premiums were approximately RMB730 million.

Mr. Hu Yinan, Chairman and CEO of Fanhua, commented on the proposed transaction, “With our experience and resources accumulated in the past two decades, Fanhua is committed to building a public infrastructure platform to support all types of independent insurance intermediaries and independent agents to operate and thrive under a unified compliance framework, by providing them with access to a full spectrum of products and services, leading technology and digital operation capacities, professional training systems and services as well as capital support.”

“As a leading managing general agency in China, Zhongrong has unique advantages in compliance and quality management. The acquisition of Zhongrong is expected to greatly enhance the compliance and quality management capabilities of Fanhua’s platform and rapidly increase our market influence. It also marks an important step forward in accelerating the expansion of our platform’s foothold, contributing to the sustainable, high-quality growth of the life insurance agency channel in China.”

About Fanhua Inc.

Fanhua Inc. is a leading independent financial services provider. Through our online platforms and offline sales and service network, we offer a wide variety of financial products and services to individuals, including life and property and casualty insurance products. We also provide insurance claims adjusting services, such as damage assessments, surveys, authentications and loss estimations, as well as value-added services, such as emergency vehicle roadside assistance.

Our online platforms include: (i) Lan Zhanggui, an all-in-one platform which allows our agents to access and purchase for their policy holders a wide variety of insurance products, including life insurance, auto insurance, accident insurance, travel insurance and standard health insurance products from multiple insurance companies on their mobile devices; (ii) Baowang (www.baoxian.com), an online entry portal for comparing and purchasing short term health, accident, travel and homeowner insurance products and (iii) eHuzhu (www.ehuzhu.com), a non-profit online mutual aid platform in China.

As of September 30, 2022, our distribution and service network consisted of 697 sales outlets covering 23 provinces, autonomous regions and centrally-administered municipalities and 100 service outlets covering 31 provinces.

Forward-looking Statements

This press release contains statements of a forward-looking nature. These statements, including the statements relating to the Company's future financial and operating results, are made under the "safe harbor" provisions of the U.S. Private Securities Litigation Reform Act of 1995. You can identify these forward-looking statements by terminology such as "will," "expects," "believes," "anticipates," "intends," "estimates" and similar statements. Among other things, management's quotations and the Business Outlook section contain forward-looking statements. These forward-looking statements involve known and unknown risks and uncertainties and are based on current expectations, assumptions, estimates and projections about Fanhua and the industry. Potential risks and uncertainties include, but are not limited to, those relating to its ability to attract and retain productive agents, especially entrepreneurial agents, its ability to maintain existing and develop new business relationships with insurance companies, its ability to execute its growth strategy, its ability to adapt to the evolving regulatory environment in the Chinese insurance industry, its ability to compete effectively against its competitors, quarterly variations in its operating results caused by factors beyond its control and macroeconomic conditions in China, future development of COVID-19 outbreak and their potential impact on the sales of insurance products. Except as otherwise indicated, all information provided in this press release speaks as of the date hereof, and Fanhua undertakes no obligation to update any forward-looking statements to reflect subsequent occurring events or circumstances, or changes in its expectations, except as may be required by law. Although Fanhua believes that the expectations expressed in these forward-looking statements are reasonable, it cannot assure you that its expectations will turn out to be correct, and investors are cautioned that actual results may differ materially from the anticipated results. Further information regarding risks and uncertainties faced by Fanhua is included in Fanhua's filings with the U.S. Securities and Exchange Commission, including its annual report on Form 20-F.

Fanhua Announces the Launch of Its Open Platform

GUANGZHOU, China, November 24, 2022 (GLOBE NEWSWIRE) -- Fanhua Inc. (“Fanhua” or the “Company”) (Nasdaq: FANH), a leading independent financial services provider in China, today announced the official launch of its open platform (the “Open Platform”) aiming to empower independent insurance agencies and agents on the market.

Fanhua’s Open Platform will provide various market participants with access to a standardized compliance framework, a full spectrum of products and services on the market, leading technology and digital operation capabilities, professional training and services, and capital support. Fanhua may also selectively invest in or acquire qualified intermediary companies to strengthen business quality control through equity ties.

Mr. Hu Yinan, Chairman and CEO of Fanhua, commented on the launch of the Open Platform, “China’s life insurance industry is at a stage of profound transformation. While the traditional pyramid structure of life insurance sales force is falling apart, life insurance sales teams are transforming to become more distinctly professional, career-based and elite, and are structured in a more flattened, small, disperse and personalized manner. As such, a large number of fragmented sales organizations and independent agents are in need of a public professional platform that can help them ensure compliance, achieve professional growth, offer whole life insurance services to customers, and improve business efficiency.”

“We believe what will happen next in the individual life insurance agency business in China is that while sales organizations are becoming increasingly fragmented, the market of supporting platforms will become increasingly concentrated.”

“Fanhua has been adhering to the ‘professional back office platform + individual entrepreneurship’ operation model since its inception. After 24 years of development, we have forged a strong open platform with comprehensive infrastructure. The open platform has been empowering our agents in their professional development and career progression, demonstrated by significant improvement in the number and productivity of our elite agents. We therefore believe it is high time to make the platform open to the whole industry.”

“Following the acquisition of Zhongrong Smart Finance Technology Information Technology Co., Ltd. (“Zhongrong”), Fanhua aims to invest in or acquire 20-30 small and medium-sized insurance agencies within the next couple of years. Through the integration with Zhongrong’s managing general agency platform, we expect to connect with 300-500 small and medium-sized insurance agencies to empower various parties in the industry, contributing to the transformation and long-term sustainable, high-quality development of the industry.”
